# ■ Student Feedback Analysis Report

Top 3 Strengths: ['Well versed with the subject', 'Explains concepts in an understandable way', 'Use of presentations']
Top 3 Weaknesses: ['Course recommendation based on relevance', 'Solves doubts willingly', 'Degree of difficulty of assignments']

Insights:
- Students are mostly satisfied (High ratings dominate).
- Negative feedback aligns with assignments & course structure.
- Positive feedback highlights teaching quality & doubt solving.
- Improvements needed: simplify assignments, improve course structure.
